

## SAGA 21.5 PC PANEL

Slim and elegant  
industrial PC/monitor combo

**SAGA** 

SAGA 21.5" multi-touch 16/9 PC panel

SAGA has a range of 16/9 PC panels with a slim, elegant design. The SGPC215 is the only 21.5" PC panel available. It can be used as a POS (mounted on a VESA100 pole) or integrated into ordering/payment kiosks (OEM). Its aluminium chassis is ideal for dissipating heat from the fanless Intel®Core i3-6100U processor.

Combined with a **multi-touch** projected capacitive technology, the SGPC215 features an LED LCD screen for a brightness close to 350 cd/m<sup>2</sup>.

It provides ample storage capacity with its 8GB memory stick and 128GB mSATA SSD as standard.

Combined with KOBÉ self-ordering kiosks in restaurants, the **SAGA PC Panel** is placed in the kitchen to receive orders placed on KOBÉ et KURVEO DESK touch kiosks.
