

SGD116/-W/SGDP116

11.6" video screen, integrated, VESA or free-standing
3 versions to suit your needs

**SAGA**

The SAGA brand launches a range of 16:9 digital screens connected to OVA II touch-sensitive POS terminals. These photo and video advertising screens are a dynamic way of enhancing the customer experience, increasing sales and boosting the visibility of advertised products.

The SAGA 11.6" screen is available in 3 versions:

- fixed to the rear of OVA 150 and 156 touch terminals (SGD116)
- Mounted on an aluminum stand at the cash register (SGDP116)
- Pole or wall-mounted in VESA 75 format (SGD116W)

This LED LCD display with a brightness of close to 250 cd/m² is connected to the touchscreen cash register via USB. With 1033 x 768 resolution, the SAGA pub screen has a vertical tilt angle of up to 180°, and an edge-free flat screen that resists splashes and residual dust (IP54).

The SAGA SGD116/-W/SGDP116 graphics display is available in matt black
